

Follow these stairs to personal and professional success.

Jobs Partnership of Cleveland
Strengthening Minds, Impacting Lives

What is Jobs Partnership Cleveland?

Background

Jobs Partnership of Cleveland is a faith-based workforce development program, designed to bring churches and businesses together to mentor, train, and employ our neediest citizens moving them from dependency to restoration and self-sufficiency as productive citizens of the community. The faith community takes ownership of the program providing the training and mentoring component. Businesses provide career opportunities and volunteer instructors for the human resource portion of the class.

Mission

Through this collaboration the unemployed and the underemployed are linked to quality jobs while being enmeshed in a supportive network of relationships that helps them to cope with the challenges of work and family responsibilities and to successfully retain and advance in their jobs.

Program

Jobs Partnership Cleveland holds a 10-week training program that consists of two distinct curriculums designed to equip and empower class participants in their quest for a meaningful career opportunity. The classes meet two nights per week for two hours each night. Each participant is assigned to a mentor by the pastor. Class involvement includes:

- ◆ Written homework assignments
- ◆ Interactive instruction
- ◆ Small-group discussion
- ◆ Ongoing encouragement
